

APPLICATION TIPS:

Youngblood Lipglosses are beautiful when used alone for a natural look. You can layer over lipsticks and lip liners to achieve a glamorous look.

Fresh, Clean Look: Apply any of our multi-dimensional Lipglosses to the entire lip area using the sponge applicator.

Polished, Elegant Look: Line your lips with your favorite YB Lip Liner. Use small strokes to avoid a hard line. Blend and fill in your lips completely. Finish your look with an application of YB Lipgloss to the entire lip area.

Evening, Glamorous Look: Line your lips with YB Lip Liner, avoiding a hard line. Use YB Travel Brush and apply your favorite YB Lipstick to your lips. Final step is to apply the lipgloss as the finishing touch...beautiful, lustrous lips.
